EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/16/2005 has been entered.

2. The following is an examiner's statement of reasons for allowance:

As for claims 1-13, 19-30 and 35, the closest prior art by Bar-Joseph et al. does not explicitly disclose "defining sections of coefficients in each of said resolution levels, to provide a plurality of sections; reordering said plurality of sections".

As per claims 14-18 and 31-34, the closest prior by Bar-Joseph et al. does not explicitly disclose a method or apparatus for synthesizing a directional texture from an image texture having an array of pixels which integrates estimation of dominant texture direction and the synthesis algorithm to handle directional textures. The dominant direction is used to orient and then control the synthesis process so as to preserve the dominant reference image direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
